- B. Participants must clean all aquatic vegetation from trailers and watercraft, including wet wells and other internal locations, upon leaving the lake.

TO HELP PROTECT MINNESOTA'S WATERS, YOU MUST:

- 1. CLEAN visible aquatic plants, zebra mussels and other prohibited species from watercraft, trailers, and equipment before transporting from any water access.

This can be achieved with the aid of hot water as mentioned above, drying for extended periods of time (5 days or longer) and then power washed to rid the watercraft of all zebra mussels.

4. INSURANCE. All contestants using their boat in the ALS Fishing Tournament must submit a copy of a certificate of insurance or a "paid in full" current boating liability policy with liability limits of at least \$100,000 with a completed registration form. Waivers will not be accepted.

A boat is considered anchored only if it is tied to a fixed structure or has an anchor line over its side with the trolling motor out of the water and a yellow marker placed in the water. When the marker is placed in the water, it will establish a 150-foot fishing circle which may not be fished or navigated through by

another competitor. A marker may not be placed in water currently being used by competitors or non-competitors. Violators of this rule or the intent of this rule will be disqualified.

- All angling must be conducted from the boat. At no time may a contestant leave the boat to land a fish or to make the boat more accessible to fishing water. The boat must remain in the tournament water during the tournament day. Contestants must leave and return to the official checkpoint by boat and must remain in contact with the boat at all times except in case of emergency.
